

Quality Policy and Vision

X-ray imaging systems are one of the most important medical diagnostic tools available today. Optimizing their effectiveness while minimizing radiation exposure is a health issue affecting billions of people world-wide.

Radcal is committed to being the premier provider of diagnostic x-ray measurements systems and services, making safe and effective medical treatments possible.

Reliable

Radcal is committed to maintaining a robust quality management system that meets all relevant ISO9000 requirements, and has allowed us to serve the medical community reliably for over 40 years.

Relentless

Radcal is always looking for ways to improve our processes, products, and services to serve our customers better.

Focused

Radcal seeks to understand our customer's needs at a deeper level and remains driven to provide the highest level of customer satisfaction.
